

Dear MAST Grant Homeowner:

Thank you for choosing Copp Roofing & Construction as one of your prospective contractors. I appreciate the opportunity to provide a proposal for your wood shake roof replacement project. The owners and staff at Copp Roofing look forward to making you another one of our happy customers.

We know that you have choices – three bids from three different contractors, in fact! If you have any questions about your Copp Roofing proposal, please do not hesitate to call me. We want to earn your business.

As you contemplate your decision, there are a few things that you should know:

- 1) It's up to you! You get to make the decision about which contractor installs your new roof. Even though you are required to get three bids, ultimately, the contractor you hire is your choice.
- 2) Not all bids are created equally. It's important to read the proposals that you have and make sure that they include everything you need. The contract price is important, but so are quality materials, professional installation and manufacturer warranties. Our GAF Golden Pledge Warranty is non-prorated for 50 years with a total roof system for 25 years and all workmanship transferrable.
- 3) Copp Roofing is an award winning company! We are the best of the best, one of the best roofing contractors on the mountain with hundreds of satisfied customers. Our owners, staff and installers have over 100 years of combined experience in roofing and our company has been in business for nearly 20 years. Our elite contractor status with the best roofing manufacturers in the industry allow us to provide premium warranties to our valued customers. Efficient, professional and reliable you can count on us to serve you now and in the future.

Please stop by our local office and showroom in Blue Jay at 26852 Hwy. 189 or visit us online at: www.CoppRoofing.com.

I look forward to hearing from you soon!

Sincerely,

Bill Henley
